

Dear guest,

welcome to the guesthouse Katholische Akademie.

The reception has already closed.

Please take care of this information to get the key of your room:

1. As the reception has already closed when you arrive, we deposit your key in the keybox (white key safe). The keybox is on the left-hand side close to the entrance-door.
2. Please insert the **4 numbers** (code, which you received from us) **plus #** (hash key). Your key will fall down in the special box inside the keybox (underneath the display). Please take out your key.
3. The number on the key chain tells you where your room is located.
4. **Please check:**
The number on the chain **without N** means, that your room is in the main building, **Ostengasse 27**. The first number stands for the floor. The key opens the entrance and your room-door. This building has an elevator.
5. **Please check:**
The number on the chain **with N** means, that your room is in the building **Ostengasse 25**. This is the next house on the right side of the street. The first number stands for the floor. The key opens the entrance and your room-door. This building has no elevator.

Breakfast is served in the main building Ostengasse 27, ground floor, Speisesaal.
